Using the Battery

Charging the Battery

1. With the battery in position on the phone, place the phone into the front compartment of desktop charger.

Plug the travel charger into the desktop charger and into a standard AC wall outlet.

2. To charge battery alone, insert into the desktop charger front hole.

Using the Battery

Using the Travel charger

Using the travel adapter, you can use your phone while the battery is being charged, but this will cause the phone to charge the battery more slowly.

1. With the battery in position on the phone, plug the connector of travel charger into jack at the bottom of the phone and a standard AC wall outlet.
2. When charging is finished, unplug the adapter from the power outlet and from the charger.

For Foreigner

Using the Battery

Installing the Battery

1. Place the battery back to match the right tabs on it to those on the phone.
2. Press side of battery until it snaps.
3. Left with sliding back removal tab .

Removing the Battery

1. Turn the phone off before removing the battery.
2. Sliding back the removal tab and pulling out battery.
3. Remove the battery.

For Foreigner

Power On

1. Open the phone.
2. Press and hold the  key until the phone is turned on.
3. After start animation, your phone finds the network.
4. When the idle screen appears, you can make or receive a call.

Power Off

1. To turn off the phone press and hold the  key until the power-off image is displayed.
